# Instructions to Upload a YouTube Video

1. Select <u>New Video</u> from the Videos page.
2. Enter the information for Title and Uploader.
3. Ensure video is uploaded to YouTube
4. Click on Share button under the video you wish to upload.

5. Select the embed option.

6. Highlight and copy the link to the video from src= without the quotations highlighted.

```
<iframe width="560" height="315"
src="https://www.youtube.com/embed/aF
XbEGYNmFM" title="YouTube video
player" frameborder="0"
allow="accelerometer; autoplay;
clipboard-write; encrypted-media;
gyroscope; picture-in-picture"
allowfullscreen></iframe>

☐   Start at  0:05

                              COPY
```

7. Paste the link in the Link section on the website and select Create Video.
8. Ensure you receive the message that the video was successfully created.
9. Click the Back button.

10. You should now see your video displayed on the webpage.
